

UPDATE

6/9/2021

Dear Residents and Families,

Please accept this letter as our update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. We continue to test unvaccinated staff one a week. If staff or residents show signs or symptoms of COVID-19 then they will be tested.

Fully vaccinated resident and fully vaccinated visitors may now have in room visitation without supervision. No proof of vaccination required. Visitors do not need to schedule an appointment for these visits. Fully vaccinated residents are now able to go on home visits with loved ones as long as the resident is back before midnight. Residents who have not received the vaccine will be able to go on home visits as well but will have to do a 14-day quarantine when returning to the facility.

Please continue to check our website for updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 575-434-4510.

Sincerely,

Kamaria Portillo

Social Services
